Amity Township police said Wednesday that someone in a vehicle shot out the windows of numerous vehicles and hit a number of houses with a pellet gun.

Police said a number of the incidents occurred on West Welsh Drive and Penn's Lane, but vehicles and houses throughout the township were targeted late Monday or early Tuesday.

Some vehicles had two or three windows shot out. Others had only one, police added.

No one was injured and police do not have a description of the shooter or vehicle.

They estimated the total amount of damage to be in the thousands of dollars.

Police asked residents to be vigilant and wanted anyone who has information to call them at 610-689-6002.
